

THEATRICAL (CINEMA) RIGHTS – ALL FILMS - 2015 FILM PACKAGE

How to use this document?

Search by film. Check if the country where you are planning to screen the film/s is on the list.

If your country is *not* on the list related to the film/s, it means that the film/s has no local rights holder for theatrical (cinema) rights in your country.

If your country *is* on the list, it means that the film has a local rights holder. It is the responsibility of the Swedish foreign mission to contact this rights holder to reach an agreement on the terms of the screening.

Please note that this list can be updated. Always check this document before lending Blu-ray films to organisers.

If you have any questions, please contact the Swedish Institute on: films@si.se.
